

Joseph Amara

Environmental and GIS Consultant

Environmental and GIS professional with a First-Class degree in Geology and experience in environmental monitoring, impact assessments, and GIS analysis.

Skilled in using ArcGIS Pro and QGIS to analyse spatial data. Currently studying an MSc in Geo-Information Science, with a strong interest in using GIS and remote sensing to support environmental management and decision-making.

WORK EXPERIENCE

Environmental and GIS Consultant Integrated Geo-information and Environmental Management Services (INTEGEMS) Ltd.

04/2023 - 08/2025

Freetown, Sierra Leone

INTEGEMS Ltd is one of the leading Environmental, GIS and Natural Resource Manager Consultancy Firms in Sierra Leone.

Tasks

- Conduct Environmental and Social Impact Assessments (ESIA), guiding clients from EIA licensing to compliance with state laws, IFC standards, and GIIP.
- Supervise the Routine Environmental Monitoring and Assessment of two large-scale mining companies.
- Collect spatial and temporal data from field and satellite sources to support environmental monitoring site selection and analysis.
- Conduct comprehensive environmental data collection for noise, air, and water quality and quantity, using calibrated instruments and adhering to regulatory protocols.
- Author detailed reports on field activities and environmental monitoring results, providing insights and actionable recommendations to clients and regulatory bodies.
- Supervise a team of 3 field technicians, coordinating data collection activities to ensure compliance with environmental protocols.

EDUCATION

Master's In Geo-information Science Wageningen University and Research.

09/2025 - Present

Courses

- GIS in Context (8.5), Geoscripting (8.0), Remote Sensing (9.0), Geo-information Tool (8.0), Advanced Earth Observation (8.5), Machine Learning (8.0), Spatial Modelling and Statistics (7.0) and Planning and Design of Urban Space (8.5).

Bachelor of Science with Honours in Geology Fourah Bay College, University of Sierra Leone

10/2018 - 12/2022

GPA: 3.93/4.0

Courses

- Hydrogeology, Introduction to GIS and Remote Sensing, Petrology, Petrogenesis, Geochemistry, Geophysics, Structural Geology, Petroleum Geology etc

TECHNICAL SKILLS

ArcGIS Pro	●	●	●	●	○
Python	●	●	○	○	○
R	●	●	●	○	○
QGIS	●	●	●	●	○
Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)	●	●	●	●	○
Google Earth Pro	●	●	●	●	○

AWARDS AND HONOURS

The Adonis Abboud Trust Fund Award (04/2023)

Award for the Best Overall Graduating Student for the Class of 2022, Fourah Bay College, University of Sierra Leone, with a 3.93 CPA.

Wageningen University and Research African Scholarship Programme Scholar (09/2025 - Present)

Awarded a Master's Scholarship as part of the WUR African Scholarship Programme.

PROFESSIONAL PROJECTS

Routine Environmental Monitoring and Assessment for Gold Lion Mining Company (GLMC) and CTC Mining (SL) Limited. (04/2023 - 08/2025)

- Projects involved routine environmental and social monitoring for two large-scale mining companies in Sierra Leone (I was team lead for the last one year of the project).

Routine Environmental Monitoring and Assessment for CECA-SL's 108.4MW LPD/LNG Nant Power Generation Project. (01/2025 - 08/2025)

- I was team lead for the construction of the CECA-SL's 108.4MW LPD/LNG Nant Power Generation Project; one of the largest electricity generation projects in Sierra Leone in the last decade.

Environmental and Social Impact Assessments (ESIAs) for Mining, Exploration and Solar Power Generation projects in Sierra Leone. (04/2023 - 08/2025)

- I assisted in several ESIs for several mining, exploration and solar power generation projects in Sierra Leone.
